

LEPTON WATER Generator

LEPTON X-7

Lepton generator is the world's first water that has been made by AuthenTEC Inc. in JAPAN.

It contains in the level of particle elements that mixed with pure hydrogen(68%) and pure oxygen(32%) with electric charged Bubble.

This is Not mixed with any other impurities which Less than 3ppm in order to transfer the oxygen into the aquaporin cells that only allows to be absorbed by such a condition generated by ONLY Lepton Generator in the world today."

Authen Tec

Equipment	quantity		Manufacturer
upper tier			
●Water storage tank (Built in)	25L		Authen T
●Level ball tap	1		
●Lepton bubble generator	1		Authen T
middle tier			
●Special electrolytic layer (pressure gauge)	1		Authen T
●Supplementary power supply unit (Electrolytic ammeter)	1		Authen T
●Conversion seg transformer	1		Authen T
lowest tier			
●Ro device PW-50	1		Authen T
●Reserve tank 8L			
●Control box sequence	1		Authen T
●Lepton water faucet	1		
●Lepton gas suction fitting	2		
Electrical Single-phase 200V		10VA	
Body W500×D530×H1200	weight	120kg
